

# Filtration Systems

---

JET A1, KEROSENE, AVIATION FUEL,  
HELIFUEL, HELICOPTER FUEL

We work close together with Faudi Aviation. Faudi Aviation is a leading company in the development of safe and reliable solutions and systems for fuel filtration.

With our combined knowledge in the fuel filtration system area, we can solve any filtration problem.

From small offshore installations to bigger and more complexed land based fuel plants. We can help with the design and production of filtration solutions.
